

Girl Scout Rainbow SWAP

You will need: white copy paper, pencil, crayons, glue stick, safety pin.

Use the template below (you can hold a paper on your computer screen and trace it if you don't have a printer) to make a Girl Scout SWAP.

Use a crayon to color each color of the rainbow, cut out all the shapes, and attach them using a glue stick. (You did this as part of the **Virtual Badge Break**). Share with us your creations using the hashtag **#GSJSChallenge** or via the [photo submission page](#) on our website.

Here is what it looks like, we made it differently so everyone would be able to make it from supplies they already have at home:
