Dear Girl Scout Family,

Our Girl Scout Cookie Program was in full swing when the coronavirus pandemic hit, sending us indoors and leaving many of our cookie-loving customers craving Thin Mints, Samoas and all of our delicious treats.

Our troops weren’t about to give up on their customers or their cookie sale goals. Many reached out to the community for donations and have generously delivered cookies and messages of thanks to first responders and hospital workers throughout our community. In fact, more than 50,000 boxes of Girl Scout cookies have been donated by our girls!

I am so proud of the kindness our Girl Scouts have shown and am delighted to see all the pictures of the joy you are bringing to our selfless essential workers.

This week, our Council introduced another way for the community to support our Cookie Program and your goals. It’s called the Cookie Relief Fund. We are inviting the community to donate to the fund to underwrite cookie donations to local hospitals, food pantries and front-line workers. They can even choose to buy out a troop or girl’s entire inventory.

It’s one more way we are Thinking Outside of the Box during this challenging time to help you achieve your cookie goals to support community service projects and Girl Scout adventures.

Our Council team may be working apart at home but we are united in serving you and answering any of your questions. If you need us, please reach out to customercare@GSFun.org. You can also contact us on Facebook, Instagram and Twitter, and visit our website for the latest information.

For those who celebrate, Happy Passover and Happy Easter!

Stay well,

Eileen M. Higgins

Girl Scouts of the Jersey Shore
Give a box of love to those making a difference!

This week Council launched a Cookie Relief Fund to encourage Girl Scout Cookie donations to local hospitals, food pantries and front-line workers. This activity will assist girls who continue to sell Girl Scout Cookies. Supporters will have the option to purchase a troop's entire remaining inventory or they can purchase individual Girl Scout Cookie boxes or cases for delivery. Donated cookies will be delivered using the inventory girls already have on hand.

During this difficult time, reflect upon the Girl Scout Promise to find courage, confidence and character. While we face challenges, there is no doubt our girls will continue to make the world a better place.

Thank you again for all that you do!
