Women Who Shine

Dear Girl Scout Family,

Women's History Month is an important time for Girl Scouts to shine a light on all the strong, trailblazing women, past and present, who have helped shape a better world for us all.

From arts, science and education to politics, environmental justice and racial equality, women continue to speak up, show up, and make a difference every day from all corners of our world, including right here on the Jersey Shore.

We are excited to honor local leaders with our Women of Distinction award at our upcoming spring gala. Stay tuned for the announcement of this year's honorees and mark your calendars for the celebration at Eagles Oaks Golf & Country Club on May 26.

Women leaders in our community are important role models for Girl Scouts. They help light the way for girls on their journey to become their best selves.

To all you go-getters, risk-takers, innovators, and leaders, happy Women's History Month.

Regards,

Eileen M. Higgins
Chief Executive Officer
Girl Scouts of the Jersey Shore

Cookie Booth Sales are in full swing!

We hear customers are excited to purchase Girl Scout Cookies. It gives them something familiar to enjoy. What is your experience? Let us know and [send us photos of your booth sales](#). Be sure to highlight your amazing Girl Scouts and any colorful decorations you have!

There's still time to submit your booth sale application in eBudde; booth sales run now until **Sunday, April 11**.

If in-person booth sales aren't for you, that's okay. We want girls to think outside the box and sell cookies in safe and creative ways!

We're encouraging girls to host virtual booth sales using social media, set up "Lemonade Stands" in their front yards, enjoy a neighborhood walkabout or wagon sales, or set up a cookie booth drive-thru.

Campfire Chat: A New Decade of Leadership

Join GSUSA and an impressive roster of panelists, **Wednesday, March 24**, 7:00 - 8:00 p.m. for an exciting Campfire Chat. We'll discuss the state of women's leadership and ask the questions "Which glass ceilings are still intact, and what needs to happen for us to smash through them?"

At this live virtual event, sponsored by The David and Lura Lovell Foundation, we'll also discuss the Girl Scout Research Institute's findings on barriers that prevent girls from rising to their full potential—and how we can eliminate them.
